

RALLY

Demand that Scott Brown
vote “Yes” on the FMAP bill.

Monday, June 28th at 12 noon

2400 JFK Federal Building (Scott Brown’s office)

It’s time that Senator Scott Brown votes for Massachusetts

When he took office, Senator Brown promised that he would be an independent thinker and that he would protect Massachusetts.

Now, the Commonwealth stands to lose \$685 million if Senator Brown votes against a bill that includes federal funds (Federal Medical Assistance Program).

Now’s the time for Senator Brown to stand up!

Along with losing \$685 million of Medicaid payments, if Scott Brown votes no Massachusetts will lose:

- Tax credits for small businesses
- An extension of unemployment benefits
- Better funding for our public schools and public higher education

Come join a coalition of unions, religious groups, advocacy organizations, senior organizations, healthcare workers and building trade workers in asking Scott Brown to support funding for critical state services.
